Falcon Steering On-Line Application Catalog Available on CD

Falcon Steering is pleased to announce our on-line application catalog is now available on CD. The CD is fully interactive and includes detailed drop down menus so you can easily and accurately search for the proper applications. The updated data now includes over 3400 numbers and new product images, covering our complete line of Chassis, Control Arms & Strut Mount applications. For your additional convenience we added a PDF formatted catalog file suitable for printing.

Some new late model popular applications include:

- Chevrolet Impala 2008-2005
- Buick Lucerne 2008-2005
- Honda Pilot 2008-2003
- KIA Sportage 2008-2005
- Toyota Matrix 2008-2005
- Toyota Prius 2008-2004
- Volkswagen Beetle 2008-2001

The new CD Catalog will be available at the upcoming 2009 AAPEX Show. Please visit us at Booth # 2446 or contact your local Sales Representative to obtain a copy.

Our website on-line application data has also been updated and can be referenced at:

Activant & WHI (Wrenthead) Update:

Falcon Steering Systems understands the importance of electronic cataloging and have been working diligently to update our electronic application data. We are happy to confirm that ACES files and product images have recently been submitted to both Activant and WHI (Wrenthead). The data is being reviewed and we are working closely with both companies to ensure accuracy and help expedite the process.

On behalf of the entire Falcon Steering Team, we thank you for your continued support and look forward to continued success together.
